Dear Margaret,

I would like to thank you for all your help in selling my house. Your professional experience and thorough knowledge of how to market my property, including the use of social media, were very important. I appreciated your advice about preparing the property for sale and staging it for the best effect. You even found me a handyman to fix those last little details before the open house. The brochure was beautifully laid out and the video was very attractive and professional.

As you know, there were a lot of obstacles and setbacks due to the unique circumstances of my house. You helped me meet the challenges and in the end a successful result was achieved.

Thanks again.

Marnie Taylor
